ABOUT "TRAFFICKED"

In 2016-2017, we launched "Trafficked" in GTA schools.

Our facilitator was very engaging and presented the content in a meaningful way both to the adults and youth. Very impressed! Students were especially interested in the psychological aspects associated with luring, and ways to detect manipulation. [Teacher, Markville SS, Markham](#)

A real eye-opener for the students. Many felt that sex trafficking is not a 'Canadian' problem and that it only occurs in other countries. The information presented on how girls/boys get trafficked is extremely important for the students to be aware of and if they are targeted, where they can get help. A must-see for any high school student. [Teacher, Maxwell Heights SS, Oshawa](#)

This presentation connects with students on their level. It gives them the tools to identify the risk factors and behaviours involved in sex trafficking, as well as where to seek help if it's needed. It is valuable knowledge that today's youth need moving forward into the 21st century. [Teacher, Richmond Green SS, Richmond Hill](#)
